Family 1st Dental Welcomes New Addition to Their Team

Laurel (June, 2010) –

Many exciting changes have been made over the last few months and we are thoroughly excited to announce the completion of the renovation to our new location at 124 East 2nd Street. Our main goal is to continue providing quality dental care in a calm and comfortable environment. “We cherish the patient's comfort and want them to feel safe and comfortable while they are receiving the best care possible,” said Dean Cyboron, CEO of Family 1st Dental Associates. “We also want them to feel secure in the knowledge that Family 1st Dental is here for them and their dental needs.” The new location is in a historic building on main street Laurel. It was our goal to retain the charm of the building while updating the office with the latest's in dental technology. Come in and see the original tin ceilings and the brick walls for a very comfortable environment.

Family 1st Dental is passionate about bringing quality dental care in rural communities and has been blessed to have Dr. Dahl in the Laurel office. “It's our first priority to bring you skilled and caring dentists. We are thoroughly excited to announce the addition of Dr. Rachel Benson to our team beginning July 1st. She will begin working alongside Dr. Dahl to continue to give Laurel caring gentle dental care. We believe Dr. Benson is a great fit for the Laurel office,” said Mr. Cyboron.

It was Dr. Dahl's desire to one day usher in a new doctor to Laurel. A new facility was part of that plan. “I have been blessed to be in a profession I love in a town I have loved so much all these years. Rarely is someone able to return to their home town and be a part of the professional community. Now I am privileged to be a part of providing an enduring legacy of continued dental care in a wonderful new facility for Laurel and Northeast Nebraska. It's equip with the latest in technology and equipment that dentistry has to offer. Because of the commitment of Family 1st Dental to rural Nebraska we have a great office. We would like to thank the people of Laurel and the surrounding communities for all their support and the warm welcome they have given Family 1st Dental,” said Dr. Dahl. “Please welcome Dr. Rachel Benson to Laurel as she begins her career in here like I did many years ago. I look forward to having her here and introducing you all to her.”

Dr. Benson is a graduate of Nebraska Medical Center College of Dentistry. She graduated from Overton Public High School and from Wayne State College for her undergraduate degree. In her leisure time, Rachel enjoys gardening, traveling, being outside, reading, keeping busy with friends and family, camping, watching movies, Husker Football, and walking her dog, Rico.

“My mother is a dental hygienist and I grew up going to the dentist office with my mom. There are so many perks to a career in dentistry,” says Dr. Benson. “Family 1st provides great opportunities in wonderful small town settings!”

At Family 1st Dental your family's dental needs come first and they are committed to excellence in dentistry in even the smallest town. They focus on preventative care for the young and old alike. Family 1st Dental is skilled in reducing the business stress that many dentists and clinics face.

All Family 1st Dental offices accept many forms of insurance. They also offer patient financing plans with affordable rates for people who don't have dental insurance. They are excited to provide you local dental care from the same friendly faces you are used to seeing in the office.

Make sure to call or stop by to set up your next appointment or to simply come see the changes that Family 1st Dental is making in your dental office. If you have any questions, concerns or think you need to see a dentist, do not hesitate to call. They are always accepting new patients and cannot wait to see their long time patients as well.
